***Merry Christmas, thank you for being brave  
Serving our country each and every day  
For our country we all have our part  
Your being in Iraq really touches our hearts  
When we wake up you make our country a better place  
Not having to worry about if we are safe  
You change lives by protecting our land  
By taking risks and giving a helping hand  
You're more than a soldier; you're our country's heroes  
Fighting strong, because of Ground Zero  
I have faith that you will be by our country's side  
I pray every night that God will be your guide  
Making sure you will be all right, through the day and the night  
We hope your families understand the peace you will make  
Many thanks to the Army, Marines and the Green Berets  
Soon the misery and the war will end  
You are all more than soldiers,  
you are heroes and friends.***
